Bonjour ! Madame, monsieur

By this document i express my interest for the work of comedian or anything appropriate that could put me on the stage to play a role in front of cameras where i think i belong as a passionate actor, which i assume to be. I am ready and prepared to grow my skills and grow my games as long as i feel the love for this work which is to me more a life purpose than just a simple work. I do not have any agent yet, i really want to work and entertain people and perform by my skills with my heart .

***Recevez Madame, monsieur ici, je vous prie mes respects
Pour ce beau métier!***
