### PERSONAL SUMMARY

---

Hello,

My name is Kevin Ebra. I have completed two acting classes, and I've worked as an actor in my native country (Iran) from 2000-2005. My acting experience includes work in movies and the theater.

In 2007 I emigrated to Canada because of political turmoil in Iran. At that time all of my documents were seized; my acting portfolio, promotional photos, CDs, certificates, etc.

Presently I am working in Vancouver as an extra, and I am a member of UBCP. I believe that this is the best city in the world to be living for an aspiring actor. I have worked my whole life at becoming a professional actor. I am applying at VFS, and I will be continuing to seek success in the film industry in BC.
