To whom it may concern,

I am interested in expanding my professional experience by seeking new challenges in the field of professional acting and stunts. I would very much like to be considered for anything you may have available and deem me suitable for as I find it to be a multifaceted and exciting opportunity in which my skills can be utilized to their full potential.

My education and professional experience include a variety of Modeling and background performances, SAE, Stunt SAE and most recently Actor and Stunt Actor performances. During my previous employment and contractual projects I have proven myself capable of quickly adapting to difficult situations and becoming an effective addition to each team. I am confident that with my combination of experience, commitment and humble desire to learn I would be of an asset to your team. Once given the consideration I know you will be pleasantly satisfied with my constant hard work and ability to look at challenges as opportunities.

My objective is to establish a time when we can meet and discuss how my skills and competence can be of value to you and your team. Thank you for your review, and consideration I look forward to speaking with you soon.

Sincerely,

HUGO R.

Hugo Raymundo
