Eye Color: Brown

BIO

Born in Montreal Quebec and transplanted to Toronto at an early age. I have worked at many different types of jobs gaining a lot of real world experience. I played in a number of bands since the late 70s. I developed acting skills as part of a number of 50s & 60s show type bands. I have been doing background extra work on and off over the last 10 years or so. I learn quickly and easily follow instructions.

I am always up for a challenge.

Industry Experience

Working with Onset Talent Agency as an extra for various productions throughout the Southern Ontario region in an on call capacity as an extra I am required to arrive at the work location at a scheduled on call time which could vary depending upon the day or night as well as the shooting schedule. As a background actor or extra I usually appear in a non-speaking, non-singing or non-dancing capacity, usually in the background.

Real world experience:

Lab Technician
Security Guard
Network Technician
Air Conditioner assembly
Factory Work
Construction Laborer
Gas & Arc Welding
Industrial Air Conditioning Assembly
G class license:
Drive automatic or standard up to 5 Ton
CNC operator

Special Skills
