**(Paralegal)**

**Bio**

Union Actor / Background performer, with several years' experience providing background support on set. I am available to play a variety of roles that may be called for. I excel at changing my look to blend in or to stand-out in any scenes necessary. I am well versed in set etiquette and excel to present a professional demeanor on and off set. The most important thing is I love being a part of production and seeing the finished product, and knowing I contributed to its success.
