UBCP/ACTRA

Background Performer

I've worked as a background performer for portions of 2016 - 2017 and discovered that I very much enjoy doing such work. One of my immediate goals, is to continue working in the business, as much as possible. I'm professional, punctual and take the job seriously. I love meeting and working with many different types of people. As well, the camaraderie that often grows between people working towards a common result, is a fantastic offshoot.

I bring a sense of humour, as well as great empathy to a set. Being around many different types of creative people is energizing and inspiring! I enjoy being part of a team, doing my part to contribute to a successful shoot! I take direction very well and always look for new challenges and opportunities to learn and grow!

## Additional skills

I earned my living as a DJ for well over a decade. During those years it was natural to fine-tune all aspects of the necessary skill set. Included, is the ability to be comfortable on a stage in front of large groups of people. As well, public speaking became a strong tool in my box of DJ "tricks".
