EXPERIENCE

I have several years' experience with onstage performing; hosting large and intimate venues; engaging as Master of Ceremony; and inspired and championed others as an ordained Minister.

Most recently, I have been active working in the Winnipeg film community: I was recently cast as an extra in an episode of *Hostage s1*; Began filming as a supporting role in an upcoming Sean Garrity feature film *Agnes's Social*; completed filming as a lead role in a short film *First Contact*; and secured a reoccurring character role with the new Amazon series *Tales from the Loop*.

Aside from recent screen appearances, I continue to perform as a solo artist. My songs are originals, a mix of folk, R&B and Rock and influenced by the variety of musical sounds I heard growing up. They come from and are sung from the heart. Primarily I am a story teller through my music.

I have a potent stage presence, solid line memory, strong vernacular, and a broad range of performance styles and approaches. My writing style reflects those same qualities.
