Height: 5' 7"
Weight: 135
Hair: dark grey-salt & pepper
Eyes: Hazel

Information/Bio

I have worked in community theatre as an actor: "Waiting for the Parade", "Laundry & Bourbon", "Talking With..." I was the drama Teacher at a Middle School and directed and produced all of the school plays for 10+ years.

I am athletic, having participated in many sports and am still actively working out, playing golf and swimming. Gardening in the summer takes up the rest of my time, as did serving in a fine dining restaurant. This work has ended due to COVID-19. I am now happily able to mark all of my days on Agency Click green so that I may be available full time to do more background work, and hopefully move into working in commercials, or auditioning for any available small acting roles. I HAVE RECENTLY COMPLETED "SCREEN ACTING ESSENTIALS" at Shoreline Studios in Vancouver. Clips of my work in this class are available on request.
