**My Life by Alexandra**

I love any kind of sport. My favorite sport is gymnastics where I can do cartwheels and back flips. I am eight years old but people often mistake me for 5 or 6 years old. I love to sing songs for people. At Christmas we sang Christmas songs to the old people in the retirement home. I love choir and join every year. I love watching movies like Uptown Girls because I could be the little girl. My friends and I often play spy games where we pretend we are Cody Banks.
