

Melissa Shirley Armstrong

D.O.B.: June 19, 2000

Height: 4 ft.

Eyes: Blue

Hair: Dark blonde

Melissa is a bubbly, active and verbal 7 year old. She can be shy at first but quickly warms up to new people and new situations. She is very independent and does her chores responsibly with minimal direction. Although Melissa has no film or television credits to her name, she has been around television production through the work of her father and mother.

Melissa's favourite activities are gymnastics, tap-dancing, climbing monkey bars and trees, riding her bike and, as the youngest of 5 children, making herself heard. She loves to sing and dance to music in the living room (she recently discovered Avril Lavigne) and has appeared in many school concerts. She is very protective of her friendships and her animals which include a dog, a budgie and 2 goldfish.

When Melissa grows up, she wants to be an animal doctor, fly a plane, or be a dancer. She's keeping her options open.
