Personal Statement

I am proud of the fact that I am a "chameleon" Dress up or dress down. Piercings disappear in seconds and in no time I can fit into the most ultra conservative situations. Over the years I have dabbled in various acting, singing and modelling scenarios but never fulltime. I enjoy it immensely and now that I have the freedom to seriously peruse it, I am all in 100%. I am a quick study and am proud to say there is "nothing I can't learn" and "not much I'm afraid of". All I need is a chance.
