

Dave Tommasini
Owner & President
Of
Four Seasons Aviation Ltd

Experience: Licensed Commercial Pilot since 1980

Aerial Cinematographer:

For the past thirty years I, owner and President of Four Seasons Aviation Ltd have been involved in the film industry and have established myself as one of the most respected and trusted cinematography helicopter pilots. My reputation has been built on safety and understanding the needs of cinematographers in the context of the capabilities of the aircraft. My aerial cinematography credits include such feature films as Fly Away Home and the Hulk, as well as a number of major broadcast sporting events and television productions. In addition I was honoured when I was asked to participate in a documentary demonstrating the use of helicopters in the film industry. The hour long documentary was featured on the Discovery Channel's "Flight Path" series in 2003 titled a **Birds Eye**. In the video that I have enclosed features an in depth process of filming with helicopters.

Flight Hours:

Total helicopter hours flown 10.000

Education: 1986-1990
