

Weldon Boudreau

As an actor, I have performed as an extra (a dancer for a scene in a pub) in the movie, Bailey's Mistake, May, 2000. I have also worked as a singer for the movie, A Hole in One, November, 2002. I sang and was part of the recording of a French song, L'arbre est dans ses feuilles, with three other singers in a studio in Halifax, NS.

As a singer/songwriter, I perform with three musical groups. The group Héritage is a group of six teachers from the Halifax region that have been brought together by a past School Board Official to promote the Acadian culture and the French language to Junior High students. The act is filled with song, dance and drama to bring the Acadian music to life. The group Acadian Driftwood is a group of four guys from Cape Breton who deliver a toe-stomping, lively performance with numerous arrangements and instruments. The group with Michelle Boudreau-Samson, Weldon Boudreau and Gary Gallant is also a group of Cape Breton artists who bring to life the original songs of Michelle Boudreau-Samson as well as the traditional songs of the Acadians. The group Galleau is a duo of two Acadian artists who offer various shows for private occasions.

My accomplishments as a singer/songwriter:

Participant of Concours de la chanson 90/91- Singer/Songwriter
